**URGENT VOLUNTARY OTC PRODUCT RECALL
LIMITED TO ROLAIDS® ANTACID BOTTLES IN CANADA**

Markham, ON (January 15, 2010) – Today, McNeil Consumer Healthcare in the U.S., in consultation with the FDA, announced a voluntary recall of certain lots of OTC products in the Americas, UAE and Fiji. **In Canada, the impact does not extend beyond ROLAIDS® ANTACID TABLETS packaged in bottles of 150 and 100 counts.**

McNeil Consumer Healthcare (Canada), Division of Johnson & Johnson Inc., is voluntarily recalling bottles of ROLAIDS® ANTACID TABLETS manufactured in the US. The Canadian company is taking this voluntary action as a precaution following consumer reports of an unusual odor.

Based on an ongoing investigation, uncharacteristic odors have been linked back to certain wood pallets used in the transportation and storage of **packaging** materials used in the affected product. We have discontinued the use of these pallets to transport and store our packaging materials.

Consumers who have purchased bottles of ROLAIDS® ANTACID TABLETS should stop using the product and contact McNeil Consumer Healthcare (Canada) at 1-800-661-4659, Monday-Friday 8a.m. to 8p.m. EST for instructions on how to return or replace the product. Consumers can also log on to the internet at www.jnjcanada.com or you can bring your product to any London Drugs for a full refund.

About McNeil Consumer Healthcare (Canada):

McNeil Consumer Healthcare (Canada), Division of Johnson & Johnson Inc., markets a broad range of well known and trusted over the counter (OTC) products, including ROLAIDS®, IMODIUM® AND ZANTAC®.
